

Just The Facts

You can access webmail in any web browser at <https://webmail.thecarnesfamily.com>

You can set up pretty much any email client you prefer with the following information:

- **Account type** = IMAP
- **Incoming Server Name** = mail.jjoelc.com
- **Outgoing Server Name** = mail.jjoelc.com
- **Use Encryption/SSL/STARTLS** = Yes
- **Username** = Your complete email address, including '@thecarnesfamily.com'
- **Password** = Your password

I also have some basic instructions for some common email clients:

- Outlook Setup
- Thunderbird Setup
- iPhone Setup
- Android Setup
