

TheCarnesFamily.com Email

For many years I thought it would be cool to setup a family email system. I finally got a round to it! Unfortunately "carnes.com" was already taken (by an HVAC supply company, so they aren't likely to want to sell it anytime soon) so I did the best I could and got "thecarnesfamily.com"

So?

By The Way

As you probably guessed, the original reason I set up this Wiki was as a simple recipe book. Feel free to use it, add new recipes, etc. just click on the little chef logo to get started. If you want to add recipes, you might start by looking at the [syntax page](#) to help you get started with the editing process.
